

Michael Wechner: Screenplays, Filmography and Curriculum Vitae

Screenplays

2015

Skating in Holland

Synopsis:

An art historian falls in love with a curator. In order to get her attention, he claims that one of the most famous and expensive paintings is a forgery. As a result, he is being hunted relentlessly by various parties.

The movie is a satire of the art world in the kind of movies like "Wag the Dog" or "The Apartment"

Keywords: Cute Meet, Suspense, Satire

2014 -2015

The hidden world of Kovuz

Synopsis:

Kovuz are creatures which exist on earth since million of years, but because they are able to disguise themselves perfectly, they never got discovered by humans. One day, a little boy gets to know two young Kovuz, but nobody believes him except for a shrink, which the boy is being sent to.

Genres: Adventure, Drama, Family, Fantasy

2013 - 2015

Emerging Whales

Synopsis:

'Emerging Whales' is a character-driven television serial drama about Jacob Ambros and his wealthy family, who owns a traditional private bank, locked in by his destiny, family, employees, lovers and opponents, fearing to lose and destroy everything he owns and loves.

Interviews on public transportation in LA South Central Watts
Movie: https://www.youtube.com/watch?v=_tBoYl62IM0
- 2005 **FUD - Fear Uncertainty Doubt**
The fundamental questions of collaboration of people within groups are being elaborated in relation to Open Source communities, but with a link to other groups/communities/societies. The movie does not want to explain, but capture the moment (Years 2004/2005). The Open Source/Free Software Movement is changing rapidly. In about 10 to 20 years people will have forgotten what the fuzzi was all about.
